

**PWNA Clean Across North America  
Pledge Form  
July, August, and September, 2010**

***Join other PWNA members across the continent  
and make a difference in your community!***

During the months of **July, August, and September, 2010**, volunteer your power washing services to neighbors in need.

**To volunteer, submit this pledge form indicating a willingness to donate time to your community.** After the work is complete, we ask that you send a report to PWNA Headquarters describing the projects you did for your community.

During the project, be sure to take high resolution photos. We would love to see them and may post them on our website. Be sure to involve your local media to inform them of this community service campaign. It's a great way to let your community know that you care, and that you're willing to give something back to the communities that helped your company grow. Also, be sure to put the Clean Across North America logo on your website promoting your companies volunteerism.

For all participating companies, the PWNA will provide you with a Clean Across North America kit, and will coordinate the media project. Participating firms who complete their project as pledged and submit a final report, will receive a Certificate of Completion, and a wrap up news release for their local media with the details of their project and the campaign results. Please send this form back to us as soon as possible so that the PWNA can coordinate any media's request for local projects if needed. To protect the participants and the PWNA, we require all participants to provide the PWNA with a Certificate of Insurance, uphold safety procedures, protect the environment, and exhibit good conduct as a power washer.

Yes:  We pledge our company's efforts to donate our time and energy to the community.

Yes:  But we need help finding a project in our community.
